COMPETITION WORKSHOP - AGES 5+

If you want to compete for the Dance Center of Spokane this year please read this and sign up for classes!

August 25th -August 28th Cost: \$45.00(1-2 numbers) - \$70.00 (3 or more numbers)

Monday-Thursday 4:00-8:30 (Some students will only be dancing part of each evening)

Anyone interested in competing next year needs to 1) Audition (see next paragraph), 2) Attend the competition workshop, 3) Fill out a Competition Sign Up Form with their Parent. The form will be available in the office on June 9th and should be turned in by **August 4th** as decisions as to what groups your child will be in for 2008/09 will be starting that week.

Our audition process consists of all the teachers working with the competition students over the course of three weeks. The three weeks consist of the one week Jazz Intensive and the two week Summer Dance Intensive and/or Camp. **The dancer is required to attend one week of the two week August Summer Dance Intensive or Camp offered for their age group plus attend the Competition Workshop if they want to compete!** The instructors will be working with the students to decide who will be in their competition numbers. One factor in our decision process will be how much each dancer improves throughout the three weeks. We are also watching how the dancers look and relate to each other and with their teachers during the three weeks of classes. This will help determine the teams. We will post who is on each team and in each number, as well as the schedule for the Competition Workshop on August 21st at 8:00PM.

The students will be divided into different teams according to ability and work ethic. The teams will be titled Senior, Teen, Junior, Small Fry, and Mini's. More teams will be added if necessary. Please remember that every year is different and as your child grows and changes we will strive to put them in the best place possible for them to succeed. Sometimes at first glance at the list you might question that but please trust us. During the year your child will be expected to take the appropriate classes for their team level. **The Director reserves the right to add new students at any time.**

Dancers who want to be considered for a number with Dave Massey or Ciara Murano-Steele must attend the Jazz Intensive (if they need another person they may make an exception on a group). **Attendance does not guarantee a spot in their choreography.** They intend to be selective and choose students who they feel are suitable for their choreography. The cost for both Dave and Ciara's groups is \$175.00 per choreographer. **New this year!!! Ciara wants to know in advanced that the students she picks for choreography plan on attending 100% of the competitions. Please talk to me if you have vacation plans.**

Solo, duo, and trio inquiries for all Dance Center choreographers will be available on June 9th, 2008.
