

Classical Ballet

Our **Classical Ballet** program focuses on fun yet careful training for all ages. The program uses the Royal Academy of Dance syllabus. Our ballet teachers are either registered teachers of the Royal Academy of Dance or working towards registration. This syllabus emphasizes age appropriate training with special care to develop dancers correctly in relation to what their bodies can handle as they grow. At the end of each level, students get a chance to present their work to a visiting examiner. We strive to have live piano in the classroom when available. **Spokane Ballet Ensemble**, a non-profit Ballet Company, is in residence.

Children's Program

This program teaches the joy of ballet utilizing classical training, musicality through character dancing, and free-movement to encourage the natural abilities of dancers.
